THE FOUNDER

SENIOR INTERIOR DESIGNER Ma/ PhD

DR. NOUF MOHAMMED FAHAD AL-SAUD

CEO / FOUNDER OF DHALILIYAH ENGINEERING CONSULTANTS

Dhaliliyah Engineering Consultants was founded by HRH Dr. Nouf Mohammed Al-Saud. A Philanthropist, Author, Professional Writer, and Senior Designer. Obtaining her Bachelor's degree in Interior Architecture at Imam Abdulrahman Alfaisal University in Dammam. Acquiring a Master's Degree in Architectural Science, and a PhD in Urban Planning, Dr. Nouf has then mastered her craft.

Dr. Nouf has been taking successful initiatives in the areas of Design, Architecture, Philanthropy and goodwill. With the ultimate aim to initiate progressive change in the growth of the Kingdom of Saudi Arabia. Under the supervision and guidance of HRH, Dhaliliyah Engineering Consultants continues to evolve and advance in its dedicated sector.

OUR DESIGN TEAM

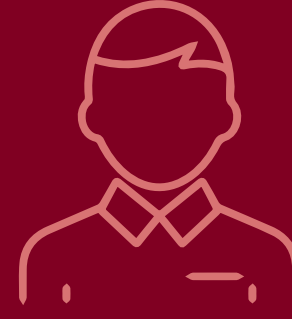

Skilled Artistic Passionate

Our competitive team is composed of highly motivated Professionals from diverse backgrounds. Consisting of Architects, Interior Designers, Project Managers, Mechanical, Civil, & Electrical Engineers, skilled Craftsmen and Technicians, with the aim of creating distinctive projects providing top notch design solutions from concept to execution.

Eng. Mohamed Jelani - Head of Project Management at Dhaliliyah

Mohammed's experience in construction management, architectural engineering, and planning makes him a key component of any design team. At Dhaliliyah, he has been responsible for the construction of projects of over 220 million Riyals. His experience designing health clubs and spas for the Alma Athar Compound and the Nobu Hotel Wellness & Spa facilities is unrivaled in the luxurious facilities market.

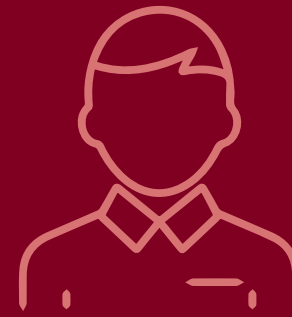

Ahmed B. Shublaq - Construction Manager at Dhaliliyah

Senior Construction Manager with over 10 years of experience in all stages of residential and commercial developments. Ahmed is a Lead Auditor for ISO 9001:2015 and 14001:2015 and has a remarkable engineering sense with an insight to detect technical and administrative problems and find the appropriate solutions. Ahmed largely cooperates with the project stakeholders so as to achieve the company's strategic goals.

Eng. Mona Al Tounisi - Head of Interior Design at Dhaliliyah

Mona's attention to detail and her eye for creating stunning, yet functional spaces make her the best to design the residential premises for many of the Royal family throughout KSA. Her commercial projects involve designing and supervising exquisite spaces such as the Jeddah Nobu Restaurant, Cafe de L'Esplanade with DGDA in Al Bujairi Terrace, and Le Grand Venice in Al Ula. Construction teams that have worked with Mona frequently request her back as part of their design teams.

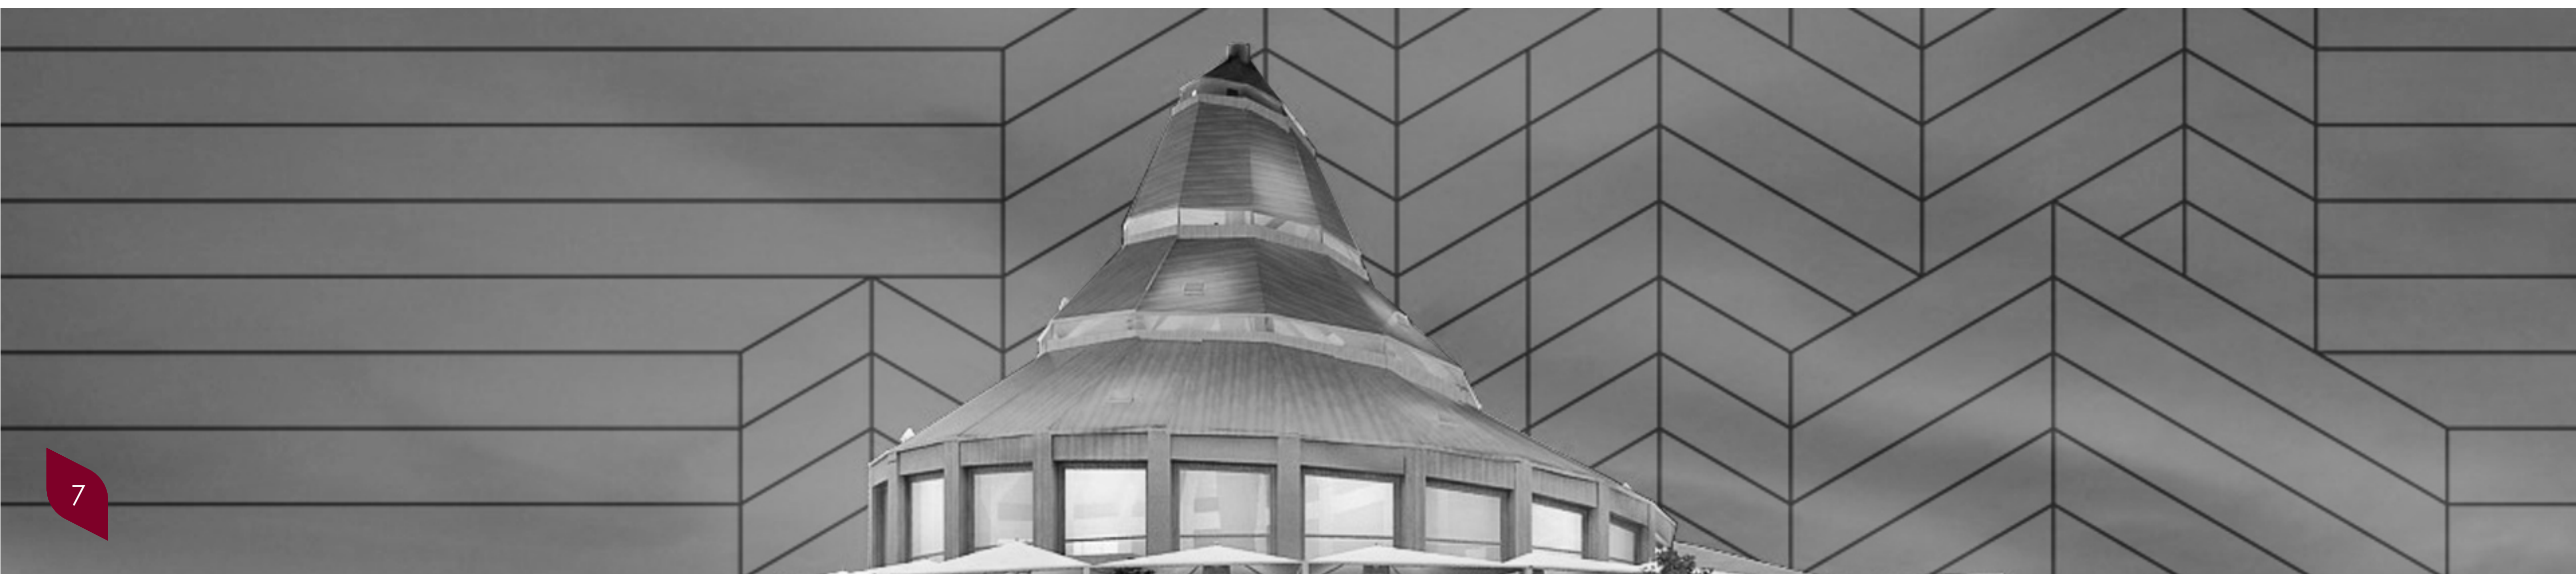

Ranjith M. Babu - 3D Visualizer

Ranjith is an experienced 3D Designer. He acquired his Master's diploma in 3D Designing in India. His core strengths are focused on modeling including exterior, interior, structural spaces, high-quality rendering, and after-effect.

Architectural & Interior Design

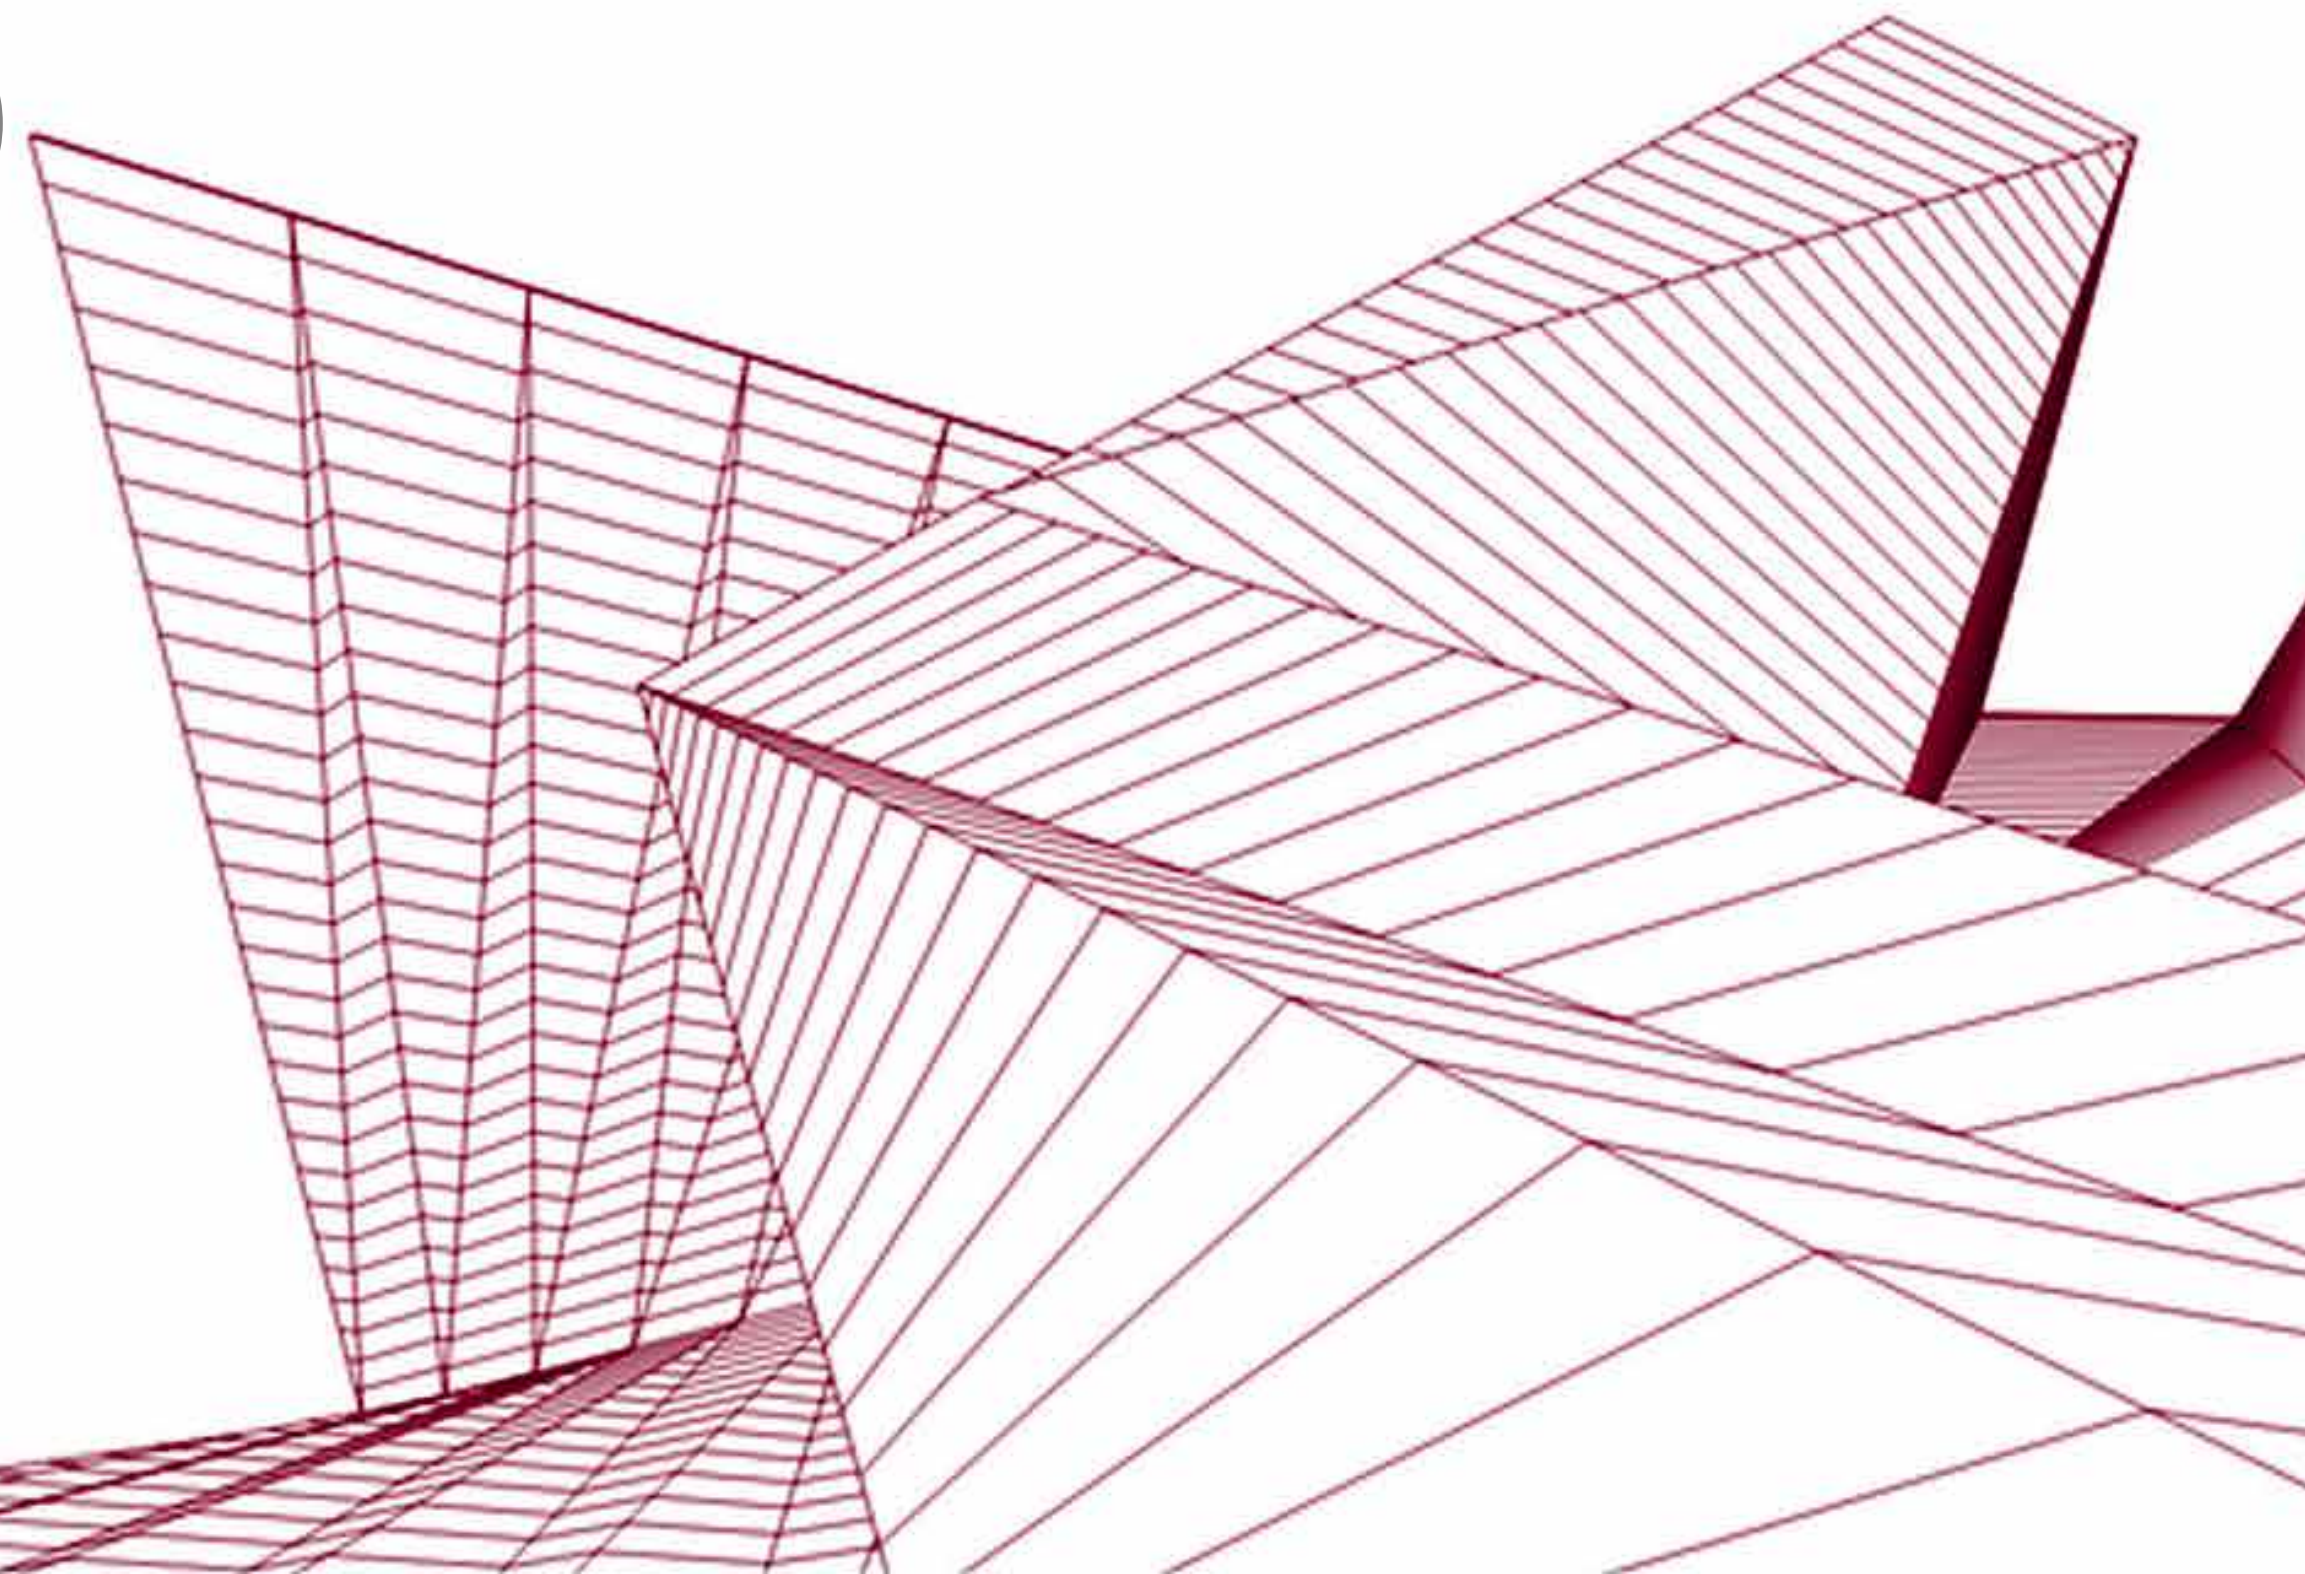

The Projects

- Private Palace (Bedroom)

Al Maathar Compound

TYPE: Residential Project
LOCATION: Riyadh, Saudi Arabia

Al-Maathar residential complex consists of 67 villas and apartments divided into several architectural design. The Complex was established on a land area of 14 thousand square meters.

Key Plan

FACILITIES & AMENITIES

It is characterized by the presence of wide green areas, an outdoor swimming pool, a basketball and tennis court, in addition to that: Steam baths, Jacuzzis, indoor pools, a fitness room, a games room, a cafe, mini market, nursery, restaurants and a ballroom.

Villa A

Private Pool House

TYPE: Residential Project

LOCATION: Riyadh, Saudi Arabia

A combination of both luxury and elegance is best way to describe this stunning private pool house residing on an extravagant location in Saudi Arabia. The main style is luxury modern with an addition of furniture and accessories that screams elegance.

Private Palace (Living & Gym Area)

TYPE: Residential Project
LOCATION: Riyadh, Saudi Arabia

The space is composed of a bar area with a kitchenette, a gym, and a living area overlooking the outdoor pool. Our team has delicately selected rich fabrics that would bring out the space's luxury feel and neutral colors.

Private Palace (Diwaniyah)

TYPE: Residential Project

LOCATION: Riyadh, Saudi Arabia

This Diwaniyah is composed of a comfy living area, a dining, and a bar area. It's mainly designed with an industrial approach, with an open ceiling and muted colors. Chandeliers are added to keep its luxury matched with the rest of the palace's theme.

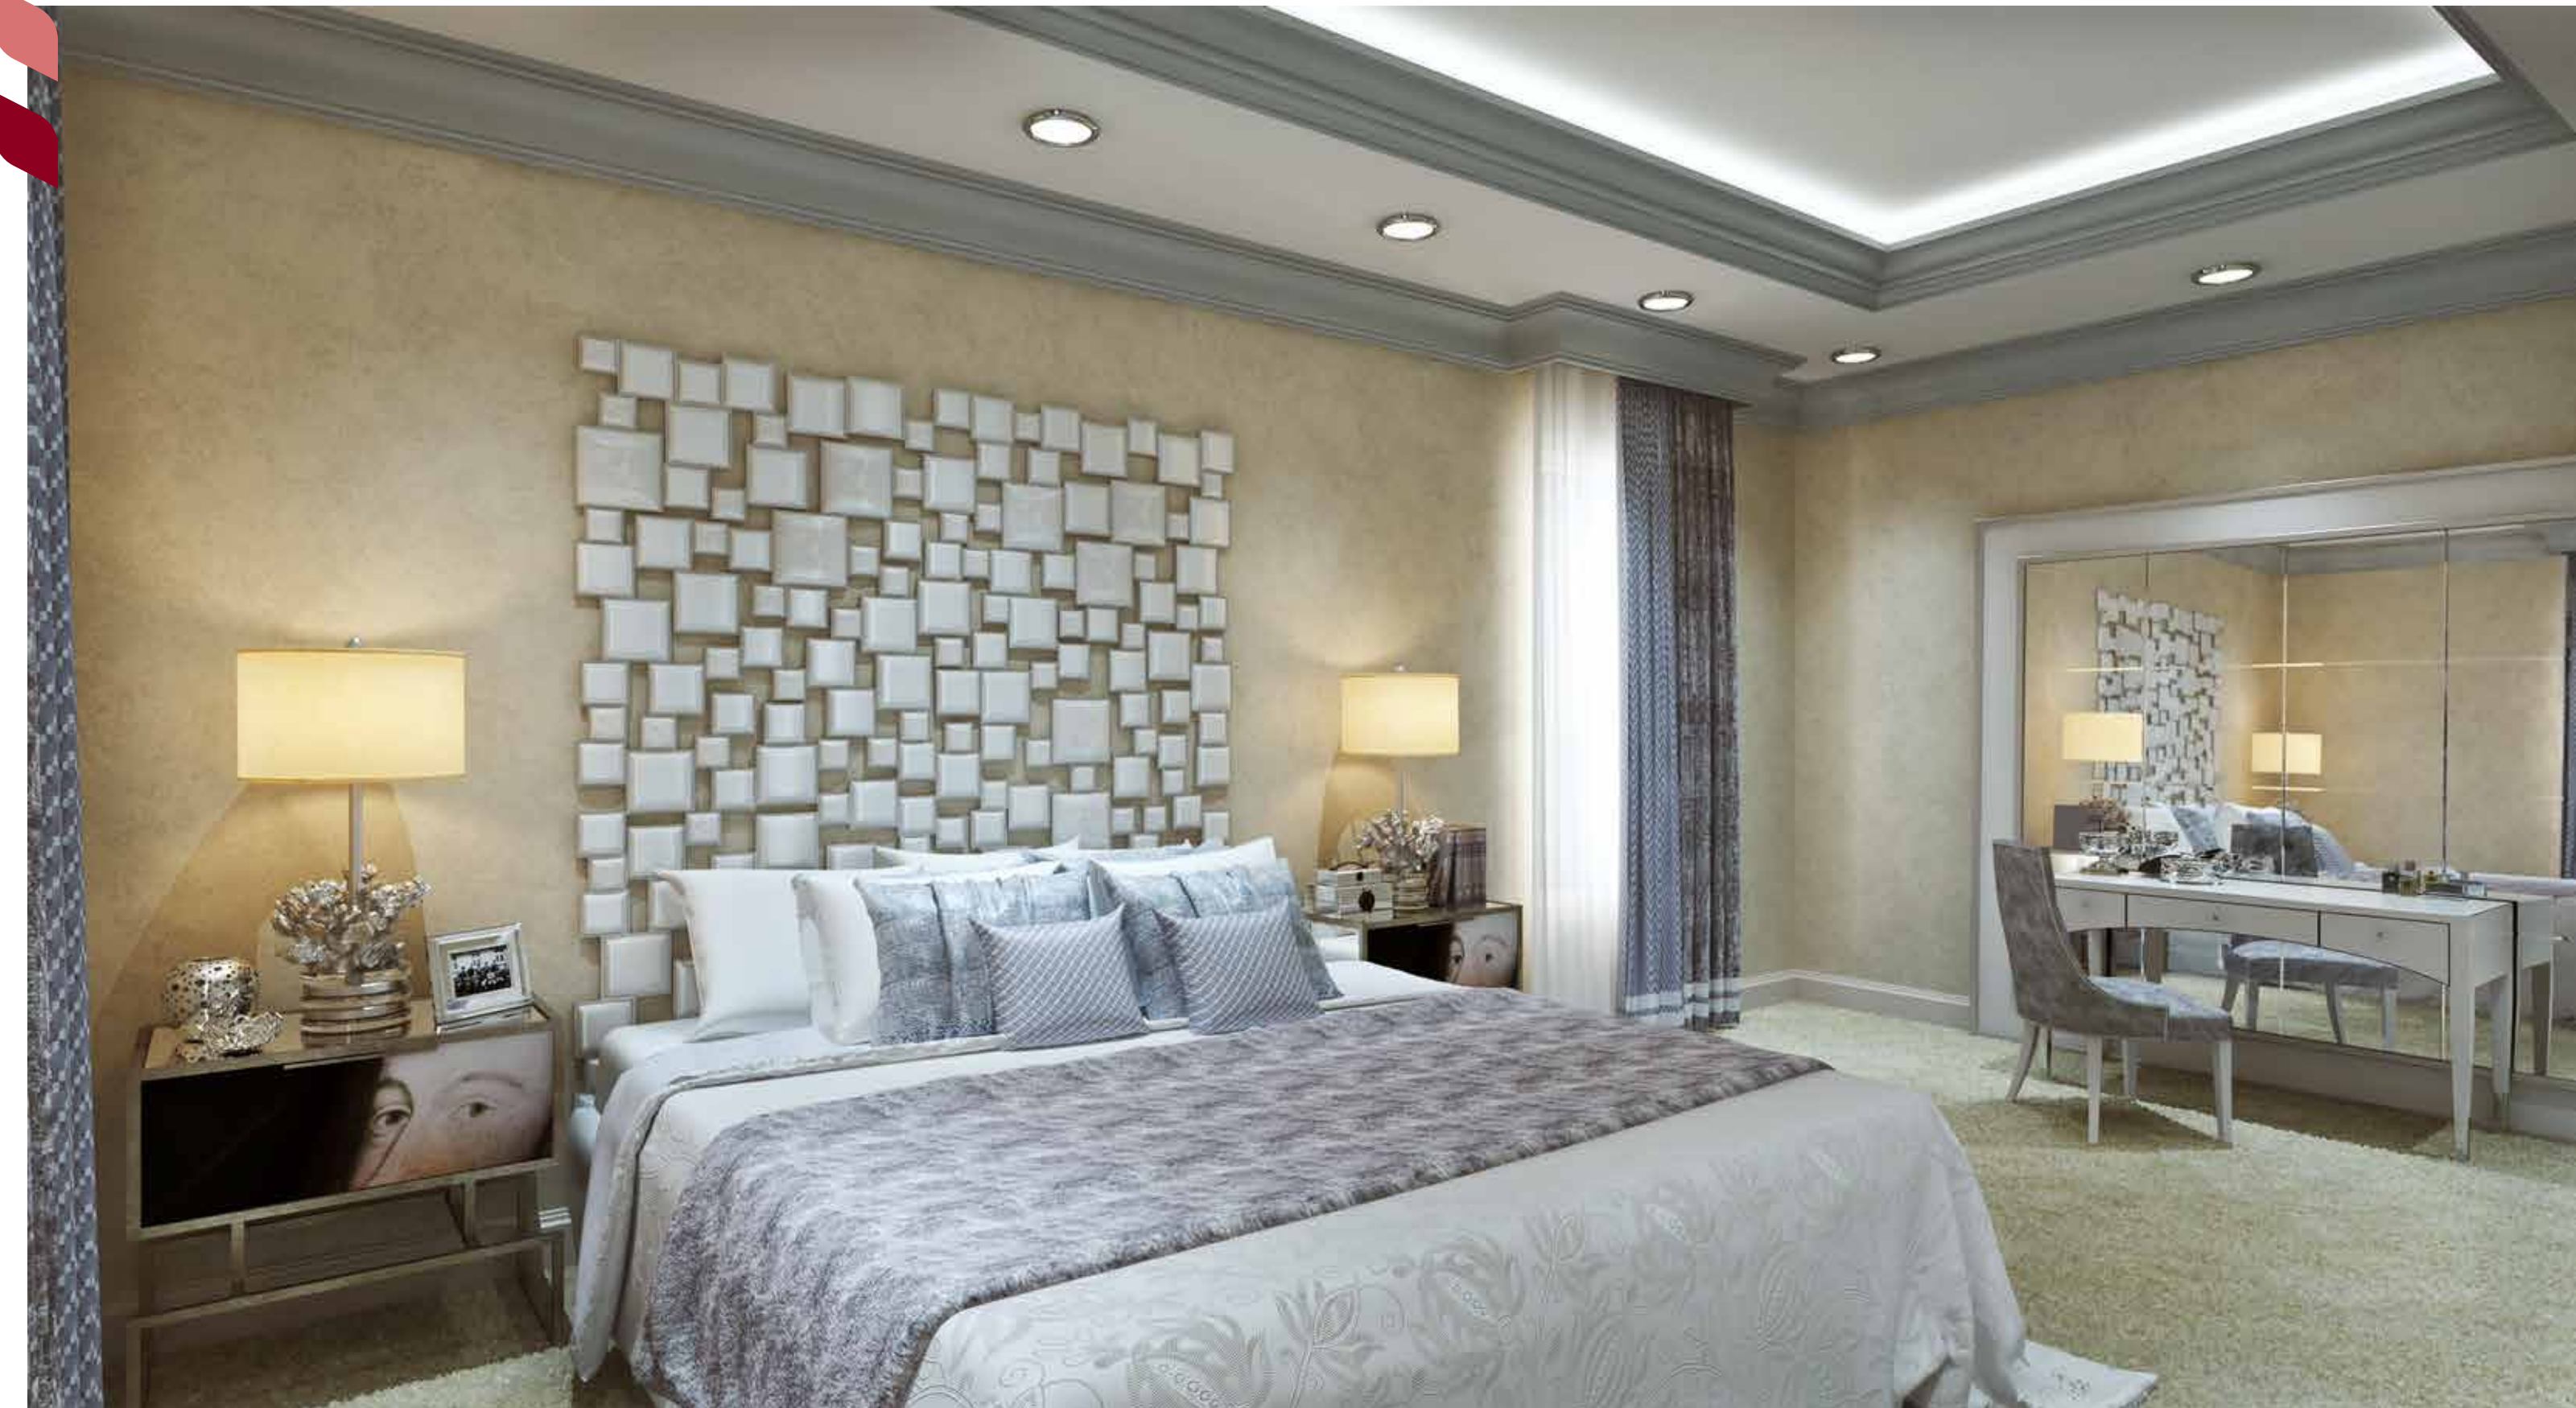

Private Palace (Bedroom)

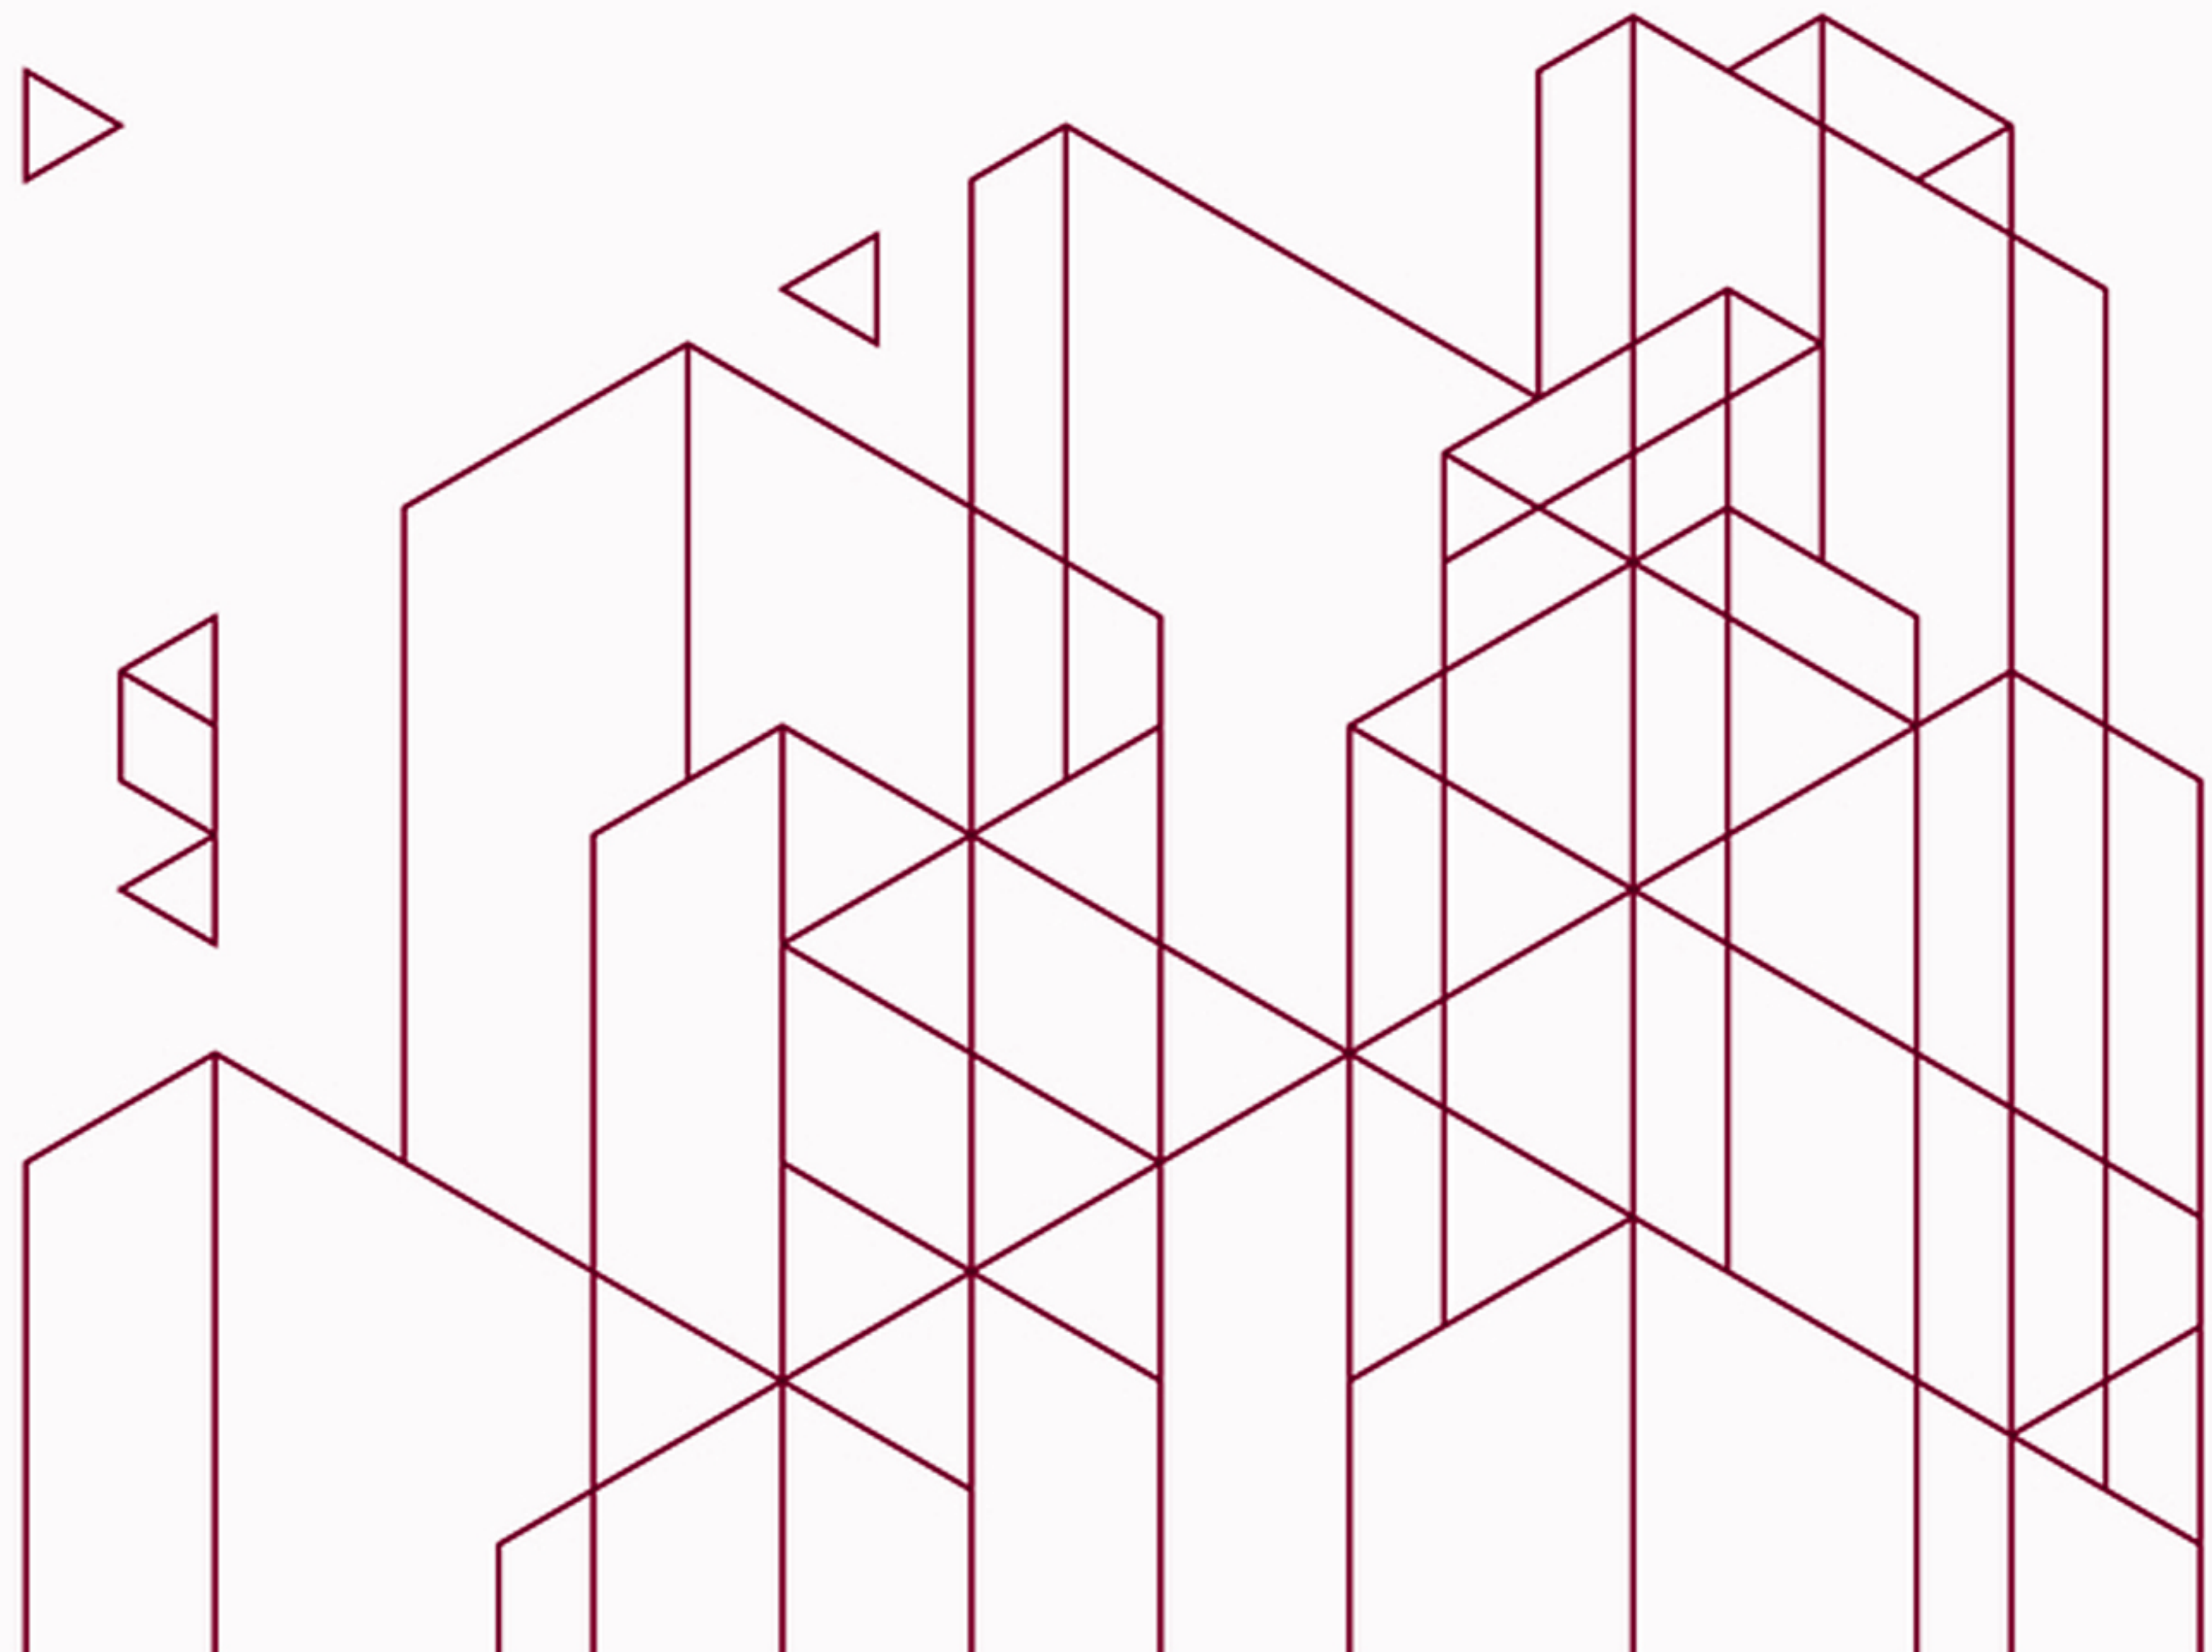

TYPE: Residential Project

LOCATION: Riyadh, Saudi Arabia

Thoughtfully designed and executed. This private palace follows a luxury modern approach. Using rich fabrics with pastel tones, patterns and some gold accents on the wall and lighting pieces, to exude luxury.
